

Safety Poster Assignment

Directions: Pick a partner for this activity and choose a safety topic. Have that topic approved by the teacher. You will be given a piece of poster paper, markers, colored pencils and any resources you think can enhance your safety poster. Your safety poster is to contain pictures that represent possible hazards, procedures or information. These posters will be displayed for open house, so give your best effort. This is the grading criteria for the assignment:

Safety Topic
